Just What the Doctor Ordered

"Get me a BP, CBC, Chem 6, PT, PTT, EKG, and an x-ray . . . and make it stat." Ever heard this before, and wondered what it meant? Well, at MCV, students learn just what these tests mean and when to use them. It's only a tiny part of the learning process on the way to becoming doctors.

"Just what the doctor ordered" takes on different meanings at MCV. In the hospital, it can mean lab tests or medications ordered by a physician. In the dental clinic, it can mean anything from x-rays to supplies to various dental procedures . . . but, in the classroom, there's no mistaking what it means. Doctors "order" students to study and put forth great effort to learn large amounts of material in preparation for exams. In the laboratories, the order is to gain experience with procedures and transfer these skills to the clinic. As graduation approaches and all requirements have been fulfilled, doctors give their final approval for students to assume the role of doctors. Finally, when all is said and done . . . it's just what the doctor ordered.

Summer fun demonstrated by students of MICV.

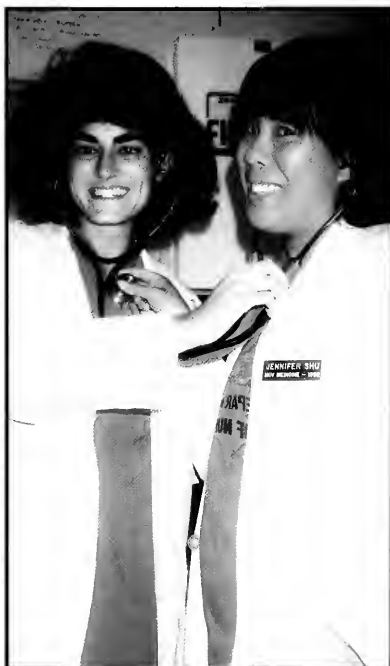

WONDER WHERE SUMMER WENT

Summer fun ends with abrupt notice! Classes begin, and temperatures are still in the 90's. The tuition payment is due, and it's time to move into the new labs and memorize those combination locks. Summer is over and school has begun.

Moving into the dorm, starting the meal plan, getting IDs validated, renewing parking stickers, and standing in line to buy expensive text books are just a few of the high points of the beginning of school.

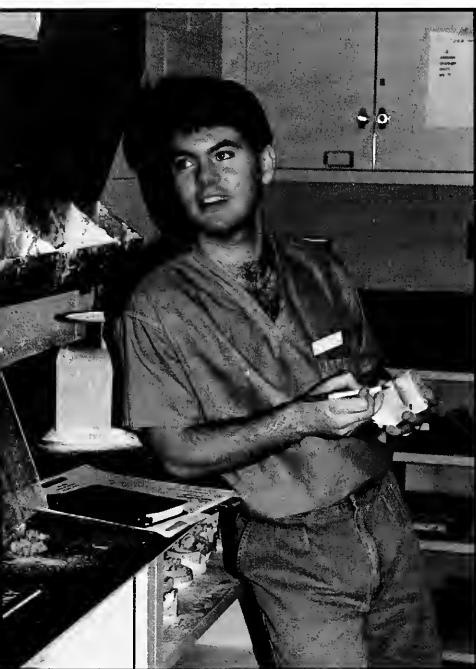

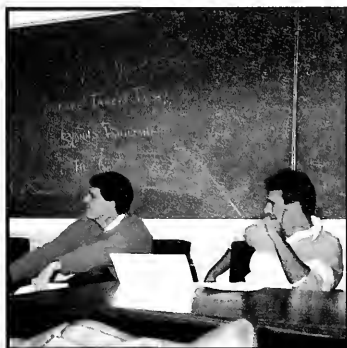

It's so hard to study when the apartment pools and beaches are still open, and the lounge chairs keep calling your name, but . . . it's just what the doctor ordered.

Reality hits hard when the days become mere blocks of time from 8:00 to 5:00, and Fridays can't seem to get here fast enough. But, summer definitely dies when the professor hands out the syllabus and says . . . "your first exam is next week!"

Apartment Hunting?

Let Us Drop A Few Names

They're really the only names you'll need when looking for a beautiful new apartment in the Richmond area! Only GSC apartment communities offer the combination of locations, luxury features and incomparable social activities you'll be looking for! The choice in floor plans (more than 70) and styles is tremendous! Many GSC Communities include utilities for heat, hot water and cooking. This is important when you realize that utilities have become a major consumer expense. Give us a call now, and we'll be happy to answer all your questions, and make arrangements to show you these exciting communities. We'll also send you a complimentary copy of Lifestyle, our full-color book which includes a map of the Richmond area. In Richmond call 329-6666. In Virginia outside the Richmond area call toll-free 1-800-542-3276. Nationwide call 1-800-368-7669. Or write: General Services Corporation, 5703 Pony Farm Drive, Richmond, VA 23227.

Investing in the Future.

... Patterson's history of progress

Patterson Dental Company grew from a proud heritage begun in 1877 when young M. F. Patterson opened a dental supply counter in his Milwaukee drug store. Soon thereafter, he relocated the company to the growing Minneapolis area where it is headquartered today.

Patterson's history is characterized by progressive company growth. By the 1960s the company had expanded to 36 branches located primarily in the Midwest, Southeast and West. Since then Patterson has continued to grow and today employs more than 1500 people in over 90 locations, creating a national distribution network united by advanced computer technology.

... growth for tomorrow

Patterson Dental Company is committed to the future of dentistry we're planning now for the dentistry of tomorrow.

Toward that goal, we've invested in management technology and human resources, a national computer network, inventory and management systems, office planning and design, technical repair service, recruitment and training, and professional education programs for dentists and staff. Additionally, Patterson has created a centralized institutional bidding department to handle the specialized needs of dental facilities in Veterans' Administration hospitals, military bases, dental schools, and government clinics.

We strive to stay at the forefront of the dental industry, meeting the complex needs of tomorrow with innovations that begin today.
